Selection interviews begin

The Summer Research Institute (SRI) occurs over the course of 6 weeks this summer beginning May 23rd, 2016 and ending July 1st, 2016.

Each individual will work 1:1 with a faculty mentor with similar research interests. Throughout the process, participants will progress their understanding of library and database resources, research methodology, technical communication, and the graduate school experience. A stipend and meal card are provided.

There are several opportunities to present your research including a research conference in Atlanta, GA in June.
