### Biomedical Engineering Elective
Restricted to any 300-500 biomedical engineering course not required for the degree in Chemistry 260 or 268 (formerly 350/358) or 360 or 368.

#### Technical Elective
- Must be preapproved based on selected Track. There are four (4) tracks: (1) Diagnostics, (2) Medical Devices Design, (3) Therapeutics, and (4) Pre-Med. The technical and BME elective courses for each Track are:
  1. **Diagnostics Track**: BME 480, BME 494, Math 303/307, Math 320 and ECE 472; ECE 315, ECE 316 and ECE 419; ECE 202 and ECE 330; Math 405; BIOL 159, BCM 415 and BCM 416.
  2. **Medical Devices Design Track**: BME 494; ECE 202 and ECE 330; ME 405; ME 411; BME 251/257 and ME 368; ME 368 and ME 469; ME 319 and ME 470; ME 407; ME 331; BIOL 159; BCM 415 and BCM 416.

### Full Status Progression
- Lower division student may apply for progression to upper division after completing EF 152/158; CHEM 120/128, MATH 231, ME 202, ME 231, and ME 321 with a grade of C or better in each, and an overall GPA of at least 2.4. Students who have not satisfied the requirements for full status will be dropped from departmental class rolls in upper division courses.

### Provisional Status Progression
- Students who have completed EF 152/158; CHEM 120/128, MATH 231, ME 202, ME 231, and ME 321 with a grade of C or better and have an overall GPA between 2.0 and 2.4 may apply for provisional status. The granting of provisional status is based on the availability of space in departmental programs after full status students have been accommodated. Provisional status students are required to demonstrate their ability to perform satisfactorily in upper division by attaining a minimum GPA of 2.0 in the first 12 hours of 300-level required engineering courses. Award of upper division status is dependent upon this performance. Students with an overall GPA less than 2.0 will not be admitted to upper division. Students who have not progressed to upper division will be dropped from departmental class rolls.

### Transfer Students
- Students transferring more than 26 hours from another institution are considered transfer students. Transfer students must meet the same criteria as non-transfer students, using transfer grades for acceptable substitutions. Transfer courses with grades below a C will not be accepted to fulfill any degree requirements.

### Departmental Academic Standing
- The faculty of the Department of Mechanical, Aerospace and Biomedical Engineering expect all students who enter to make progress toward graduation. To graduate from the department, a student must earn a minimum grade point average of 2.0 in all departmental courses counted toward the degree. Students not meeting the required departmental GPA may be dropped from their major. In addition, the University Academic Good Standing Policies apply to all students.

### BME Graduation Requirements
- A minimum GPA of 2.0 in all departmental courses counted toward the degree taken at the University of Tennessee, Knoxville, is required for graduation. No more than two departmental courses in which a C- or lower is the highest grade earned may be counted toward graduation. This is in addition to the university’s graduation requirements.

- Students also have opportunities for an Honors Concentration and/or a five year BS/MS program. See the Undergraduate Catalog for details and requirements.
